Shelving for Life

STORAGE REDEFINED.

With three distinct lines of Camshelving®, all kitchens are created equal!

Every foodservice operation deserves to be set up for maximized cost savings, space efficiency, sanitation, food safety and functionality no matter what the size or budget.

Camshelving storage systems make it all possible, helping foodservice operators optimize organization, support food safety, improve labor savings, simplify inventory management, reduce food waste, and eliminate replacement costs.

Cambro storage and transportation products that help ensure food safety handling.

COMPONENT

Products that meet the NSF International criteria for sanitation and cleanability.

Certifies products approved by Technischer Überwachungs-Verein. (Technical Inspection Association)

Products that help meet HACCP guidelines.

Fit for food products

Dishwasher Safe

Cadmium-free products

Recyclable polypropylene

camguard
ANTIMICROBIAL SHELF PLATES

Antimicrobial protection permanently molded into shelf plates to inhibit the growth of mold, fungus and bacteria.

CAMSHELVING®

THE COMMON AND KEY FEATURES OF ALL CAMSHELVING SERIES

Rust and Corrosion Free

Backed by a lifetime warranty against rust and corrosion, Camshelving storage systems eliminate the inconvenience and costs associated with restoring or replacing degraded shelving. Only Cambro offers Shelving for Life.

Multi Environment Use

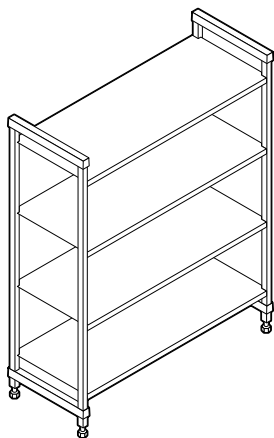

Camshelving storage systems are designed to withstand all extreme storage applications and temperatures — impervious to moisture, chemicals, salt, food acids, and humidity. Camshelving systems can be installed anywhere and will never rust.

-36°F TO 190°F

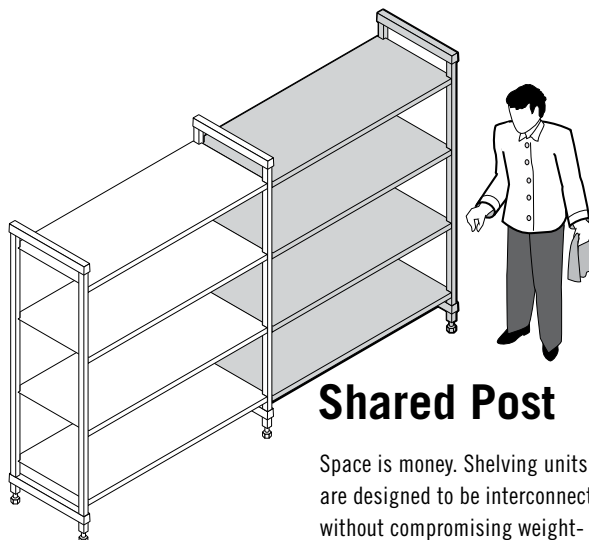

Maximized Space Utilization

Components have been thoughtfully designed to maximize storage space, even in space-restricted areas.

Starter Unit

Starter + Add-On Unit

Shared Post

Space is money. Shelving units are designed to be interconnected, without compromising weight-bearing capacity all while maximizing usable storage space.

PREMIUM series

ELEMENTS series

BASICS series

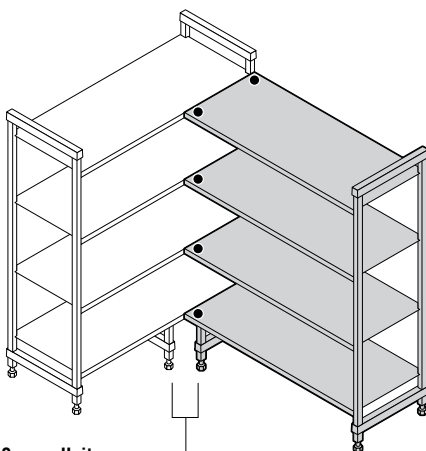

Easy to Clean

Cleaning shelving shouldn't be a major production. Whether daily or scheduled, cleaning can be done quickly and easily without interrupting storage space or normal, day-to-day operations.

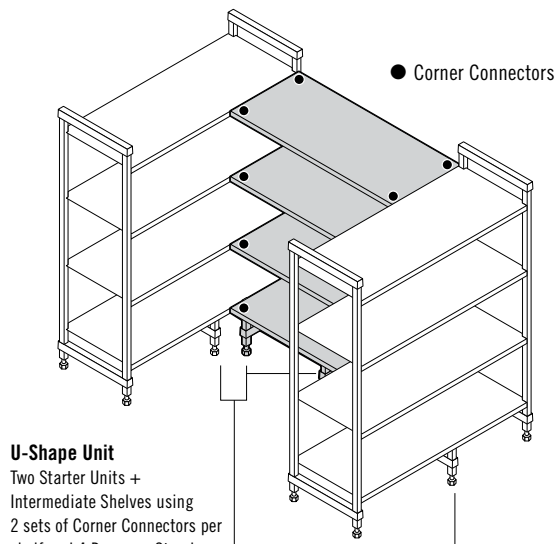

Easy to Adjust

Each shelf can be easily and independently adjusted to accommodate a variety of storage products and packages as product and storage needs change.

Corner Unit
Starter + Add-On Unit
using 1 set of Corner
Connectors per shelf
and 2 Dunnage Stands.

U-Shape Unit
Two Starter Units +
Intermediate Shelves using
2 sets of Corner Connectors per
shelf and 4 Dunnage Stands.

Corner Shelf Space

Convert unusable space into continuous, easy-access storage areas using corner connectors.

Camshelving® Series

Quick Reference Guide

Cambro offers three rust-free, non-corrosive, hygienic shelving systems that will hold up to the tough demands of commercial foodservice operations. This guide will help you choose the ideal Camshelving system for each storage area in your operation. Only Cambro offers Shelving for Life.

PREMIUM series

Storage Areas	High-volume foodservice operations with constant loading and off-loading of heavy products. Frequent and/or multiple daily deliveries. Wet Storage - Walk-in Freezers, Coolers, Warewashing Areas Dry Storage - Bulk Foods, Catering Equipment, China/Dishware, Linen, Merchandising.
Recommended Market Segments	Hotels and Casinos, Restaurants, Quick-Serve Restaurants, Schools, Colleges and Universities, Healthcare, Military, Convention Centers/Stadiums, Cruise Ships, Caterers and Banquet Centers, Corporate Dining, Convenience and Grocery Stores.
Product Material	Posts and traverses are made from a steel core with smooth polypropylene exterior. Superior strength and durable enough to withstand the heaviest loading demands.
Assembly	Molded in dovetails means fewer parts, making it the easiest to assemble.
Weight-Bearing Capacity (based on 24" - 48" length)	Stationary Unit: 800 lbs. per shelf, 3200 lbs. per unit. Mobile Unit: 750 lbs. per unit. Corner and U-Shape Unit: 400 lbs. per shelf, 1600 lbs. per unit.
Lifetime Warranty Against Rust & Corrosion	Shelf Plates, Stationary Posts and Traverses
Shelf Lengths	24", 30", 36", 42", 48", 54", 60", 72"
Shelf Depths	14", 18", 21", 24"
Post Heights	Stationary: 32", 56", 64", 72", 84" Mobile: 35", 59", 67", 75" (includes casters)
Mobile Units	YES
High Density Storage Floor Track System	YES
Bottom Shelf Dunnage Stand	YES
Shelf Rails	YES
Vertical Drying and Storage Cradle (Trays / Cutting Boards / Lids)	YES
Dome Drying and Storage Cradle	YES
Angled Drying and Storage Cradle	YES
Shelf Divider (Narrow Item Storage)	YES
Shelf Divider Bar (for Food Pans or Food Boxes)	YES
Tray Sliding Rack	YES
Single Shelf Security Cage	YES
Full Wrap Security Cage	YES

ACCESSORIES

ELEMENTS series

High-volume foodservice operations with constant loading and off-loading of medium to heavy products. 5-7 deliveries per week.

Wet Storage - Walk-in Freezers, Coolers, Warewashing Areas

Dry Storage - Bulk Foods, Catering Equipment, China/Dishware, Linen, Merchandising.

Hotels and Casinos, Restaurants, Quick-Serve Restaurants, Schools, Colleges and Universities, Healthcare, Military, Convention Centers/Stadiums, Cruise Ships, Caterers and Banquet Centers, Corporate Dining, Convenience and Grocery Stores.

Posts and traverses are made from a revolutionary composite material that is light in weight yet strong enough to withstand rigorous loading conditions.

Easy to assemble.

Stationary Unit: 800 lbs. per shelf, 3200 lbs. per unit.

Mobile Unit: 750 lbs. per unit.

Corner and U-Shape Unit: 400 lbs. per shelf, 1600 lbs. per unit.

Shelf Plates, Posts and Traverses

Product Code Reference Guide

Cambro's new product codes have been simplified making it easier to identify the type of unit or accessory required. Code numbers are composed of 3 parts.

1. **Prefix** – Defines the shelving brand and type of unit being selected.
2. **Dimensions** – Identifies the depth, length and height.
3. **Suffix** – Type and quantity of shelves.

Accessories

If an accessory is used by more than 1 line of shelving, the code will start with CS.

If an accessory is only used in one line of shelving, the code will start by the prefix letters of the line.

Example: Corner Connectors:

- a. **CPCC1** = Camshelving Premium Corner Connector Set
- b. **ECC1** = Camshelving Elements Corner Connector Set
- c. **CBCC1** = Camshelving Basics Corner Connector Set

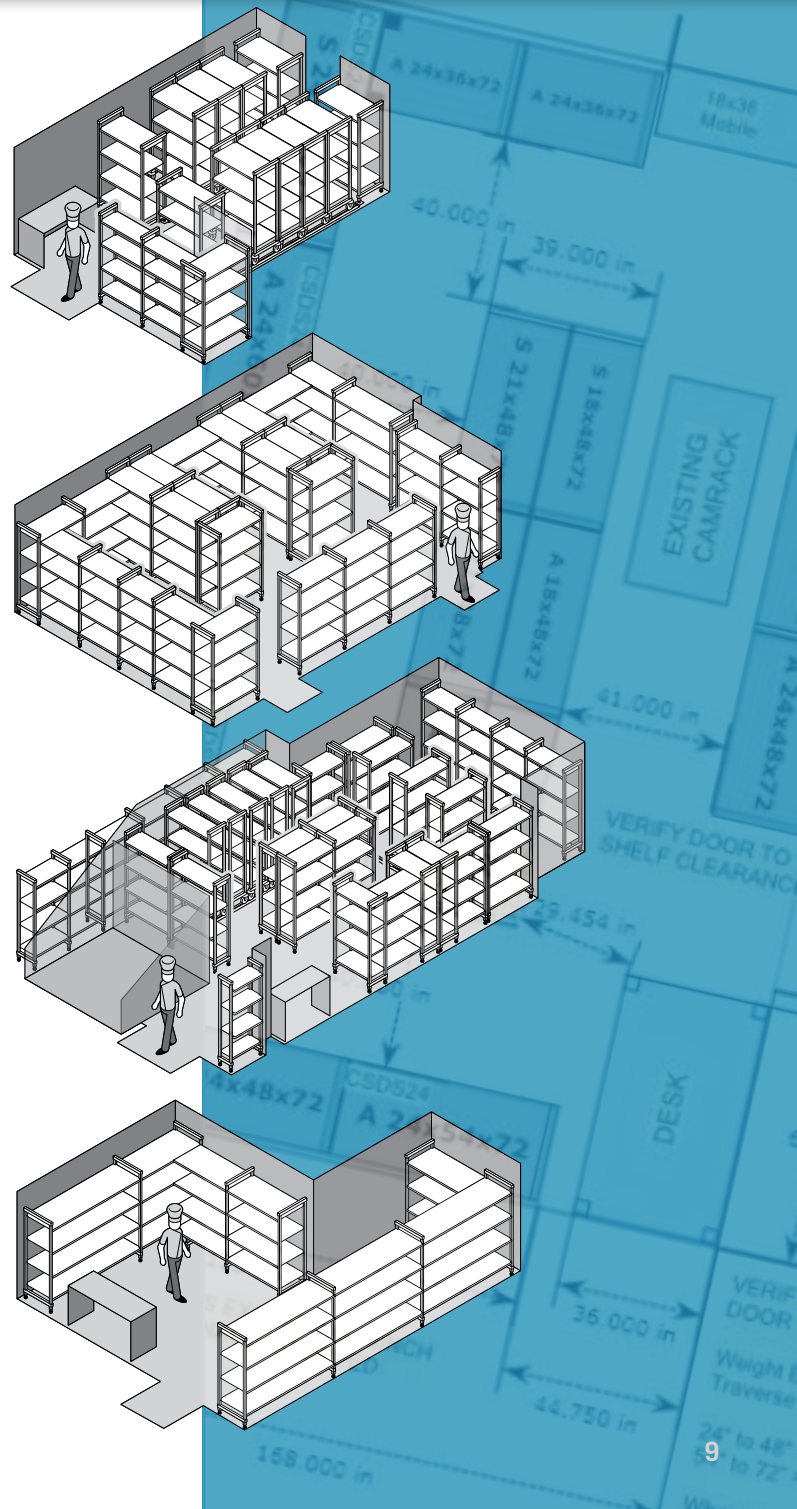

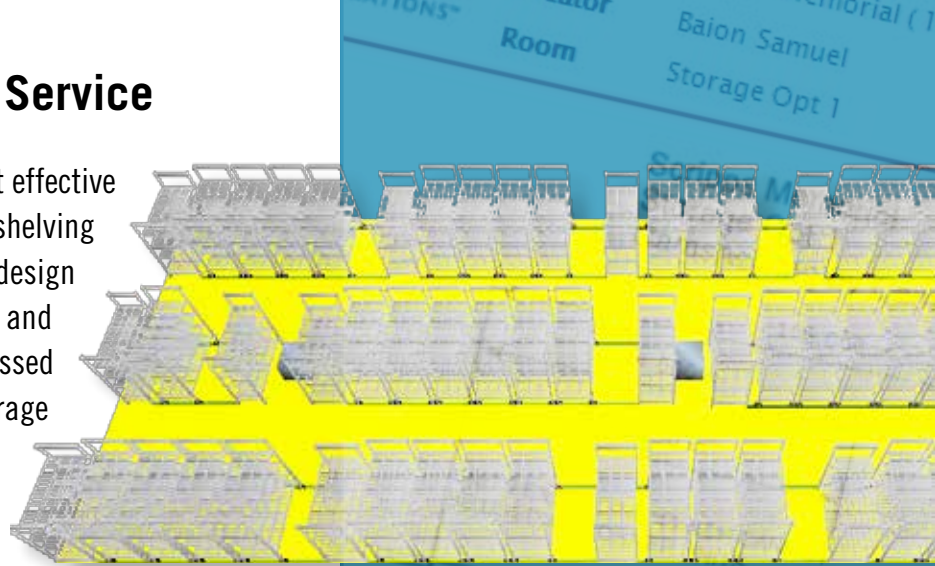

FREE Camshelving® Design Service

In order to select the most suitable and cost effective storage system, Cambro offers customized shelving illustrations using our proprietary shelving design program. Space allocation, operational flow and organizational challenges are quickly addressed when selecting the right product for the storage application. Usable storage space is maximized using the least number of units to help operators manage equipment costs. Once all required information is received, our expert shelving consultants prepare a 2D and 3D recommended floor plan along with an itemized product list by room/area. Proposals are completed and emailed within 24-48 business day hours, depending on number of rooms and complexity. We look forward to designing the perfect storage solution for you. Call or email today to connect with one of our Camshelving consultants.

Camshelving® Premium Series

High Density Storage Floor Track System

Maximize storage capacity by creating storage aisles in available space. This simple system is composed of stationary starter units anchored to a raised floor track system at both ends with high density mobile units installed in between. Easy to install track requires no drilling or gluing.

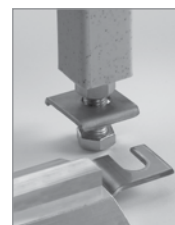

High Density Mobile Units are available with factory assembled post kits, vented or solid shelves and high density casters and bumpers. Full track and extension kits ship complete with required hardware. Stationary Starter Units are required to anchor the system at both ends.

Raised Floor Track provides a smooth and level surface to easily roll mobile units. Raised track ensures dirt will not get trapped and is easy to clean. Aluminum track and stainless steel hardware are rust resistant.

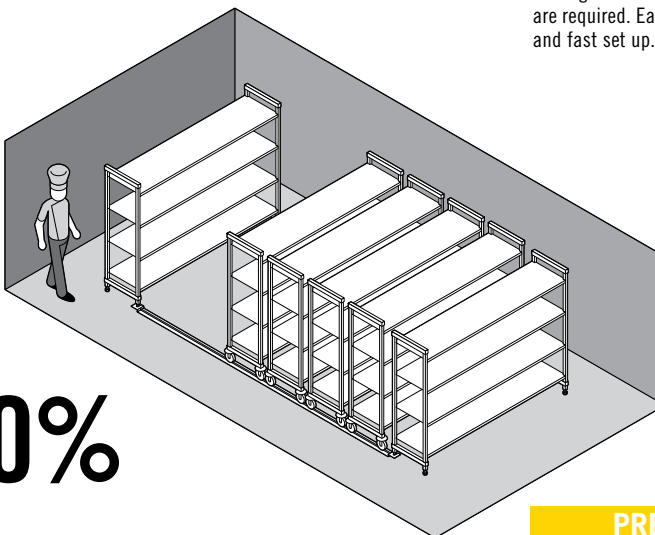

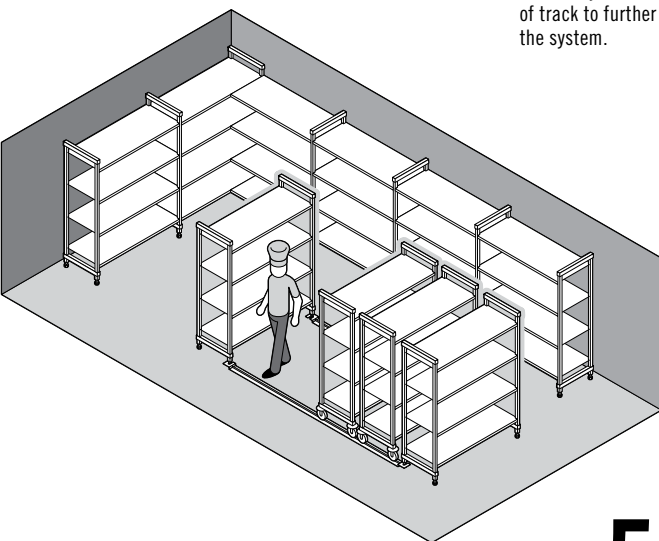

Grooved casters roll easily and securely on raised track.

Raised track connects easily to the bottom of a stationary unit that works as a system anchor. No bolts, no glue or drilling into the floor are required. Easy and fast set up.

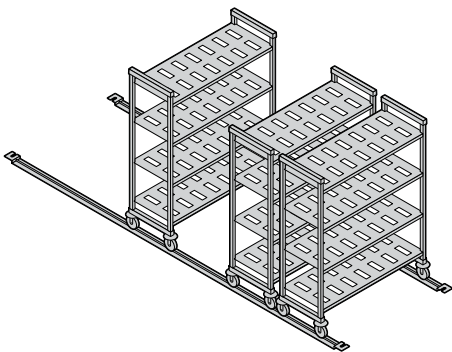

* It is recommended to use a stationary unit for every 15' of track to further stabilize the system.

Increases Storage Capacity Up To **50%**

4-Shelf Vented High Density Mobile Starter Units

Units include 2 factory assembled mobile post kits, 4 shelves, 4 high density casters and 4 high density bumpers.

High Density Caster with Donut Bumper

Grooved caster rolls easily and securely on raised track. Donut bumper protects mobile units from coming into direct contact with each other.

CAMSHELVING® ELEMENTS series

WHY CHOOSE ELEMENTS?

Made from a revolutionary, extremely strong composite material with a smooth, easy to clean surface. Elements Series is stronger than common wire shelving. It's lighter in weight than Camshelving Premium Series and totally impervious to moisture, chemicals and liquids that can destroy shelving over time. Elements Series is designed for medium to heavy storage use in freezers, coolers, dry storage or warewashing areas. It easily supports the performance demands of a busy foodservice operation.

ELEMENTS

CAMSHELVING® BASICS series

WHY CHOOSE BASICS?

Just because the budget is tight and storage needs are less rigorous, it doesn't mean that shelving performance and storage efficiencies should be compromised. Basics Series is made from the same high performing, strong composite material as Elements Series and has the same design features. It's lighter in weight and less in cost but still strong enough to handle light to medium storage demands.
