

WHAT IS CRAFT BEER?

A craft brewer is small, independent, and traditional. In the U.S.A., it is a brewer producing 6 million barrels of beer or less annually, is less than 25% owned or controlled by an industry member who is not a craft brewer, and has at least 50% of its volume in malt beers.

LIBBEY®
fizzazz™

Libbey's fizzazz™ is an after-process which applies a laser etch to the inside bottom of glassware to accelerate the release of CO2 of any carbonated beverage, particularly beer and sparkling wine. Choose from Libbey's selection of fizzazz™ items, or choose a glass and create a custom logo to highlight your brand. Use Libbey's Fizzazz™ to increase effervescence, release aromas and flavors, promote head retention, and enhance presentation by adding "theatre" to the drink.

Tulip Stems
