- For use in refrigeration areas
- CE level 4 cut resistance
- ANSI compliant to level 3 cut resistance
- Yellow nylon knit shell glove with fleece lining
- Sold by the pair

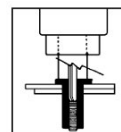

**TOOLS**

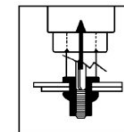

**THREADED INSERT TOOL KIT**

Ideal for installing refrigerator hardware or anything requiring a flush threaded mounting in sheet metal. When properly installed, inserts are guaranteed not to pull out or shake loose.

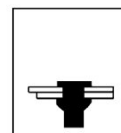

- No. 142-1229**
- Installs in sheet metal from .020" to .200" thick
- Metal storage case
- Kit includes: Insert gun, 6-32 insert head, 8-32 insert head, 10-24 insert head, 10-32 insert head, 1/4-20 insert head (No. 142-1232), 3/16-18 insert head

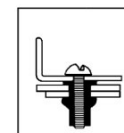

Place insert in gun and put into pre-drilled hole.

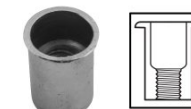

Tool sets insert into hole by crimping non-threaded portion of insert.

Insert is now permanently attached with a 360° contact fit.

Deep threads provide a stronger mount than sheet metal screws.

**THREADED INSERT HEADS**

- No. 142-1230** 10-24
- No. 142-1232** 1/4-20

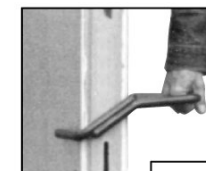

**THREADED INSERTS**

- Zinc-plated steel
- Sold in quantities of 100
- No. 142-1150** 8-32 thread
- No. 142-1151** 10-24 thread
- No. 142-1152** 10-32 thread
- No. 142-1153** 1/4-20 thread
- No. 142-1485** 3/16-18 thread

**PANEL LIFTING TOOL**

This unique tool is designed so two people can easily lift and carry one or more large panels. Can be positioned anywhere on the panels to allow comfort when carrying, regardless of any difference in height.

- Automatically clamps to one or more panels as the tool is lifted
- Use with walk-in panels, doors, steel, framed windows, plywood, gypsum board, or just about

**ULTIMATE CLAMP**

This unique digital PT clamp. Provides for superheat.

- No. 142-111**
- For reading refrigerant
- Clamp fits
- Features 1/2"
- Includes 2"

**METAL I**

- No. 142-111**
- Punches st up to 14 g
- Punches 7 1/2", 1/4", 3/8"
- Plastic box
